## EXECUTIVE SUMMARY

## REPORT

### Background

Staff, in consultation with our emergency service partners (Halton Region Police Service and Halton Paramedic Service), have received and evaluated the street name nominations received for the period June 2025 to March 2026.

The Fire Chief has informed Staff that the emergency call protocol program will be implemented in April 2026. As a result, previous criteria for evaluating street names, such as conflicting names with other streets in other Halton municipalities, no longer apply. A revised street naming policy is included in this report to reflect this change.

### Discussion

Since May 2025, Staff has received and reviewed seventy-nine (79) proposed street names. Twenty-four (24) names meet the policy criteria and are recommended for inclusion into the Street Name Bank, subject to Council approval (see Appendix "A").

As a result of the emergency call protocol program, previous constraints on duplicate names in other municipalities and difficult-to-pronounce names were lifted. Appendix "B" contains street names in the Alternate Street Name Bank to be retained, delisted or recommended to be included in the Street Name Bank. Only names of public figures who are still active in office are retained in the Alternate Street Name Bank.

Street name nominations that do not comply with the Corporate Policy or have insufficient reason for approval are listed in Appendix "C." In evaluating these street name nominations, it was found that the reasons submitted are insufficient, were previously approved or do not meet the criteria of the Street Naming Corporate Policy No.70.
