**AMENDMENT NUMBER 83**

**TO THE OFFICIAL PLAN OF THE TOWN OF MILTON**

**PART 1 THE PREAMBLE, does not constitute part of this Amendment**

**PART 2 THE AMENDMENT, consisting of the following text constitutes  
Amendment No. 83 to the Official Plan of the Town of Milton**

## **PART 1: THE PREAMBLE**

### **THE TITLE**

This amendment, being an amendment to the Official Plan of the Town of Milton shall be known as:

Amendment No. 83  
To the Official Plan of the Town of Milton  
3475 Campbellville Road  
Part Lot 6 Concession 4  
Former Township of Nassagaweya  
Town of Milton  
(File: LOPA 04/24)

### **PURPOSE OF THE AMENDMENT**

The purpose of this amendment is to update Schedules 1, 1A, A, L, M, O and P to remove the Mineral Resource Extraction Area identification from the subject property.

### **LOCATION OF THE AMENDMENT**

The subject property is located on Campbellville Road west of Appleby Line and is approximately 24.18 hectares in size. The lands are legally described as Part Lot 6 Concession 4, Town of Milton, and municipally known as 3475 Campbellville Road. The subject property is located within the Rural Area.

### **BASIS OF THE AMENDMENT**

On April 4, 2024, the Minister of Natural Resources and Forestry approved an amendment to the Niagara Escarpment Plan which re-designated the subject property from Mineral Resource Extraction Area to Escarpment Protection Area. The subject property was previously designated Mineral Resource Extraction Area under the Niagara Escarpment Plan to accommodate a sand and gravel pit. These operations have ceased, the lands have been rehabilitated and the license has been surrendered. A 2018 Ecological Land Classification report confirmed that the site contains: Deciduous Forest, Meadow Marsh, Fresh-Moist Forb Meadow and Deciduous Swamp Forest. Individual Butternut trees were also identified along an unopened road allowance. The remainder of the subject lands are fallow field and early successional meadow.

The Niagara Escarpment Plan Part 1.9.5 - After Uses states that following the surrender of the licence, an amendment is required to change the land use designation of the lot from Mineral Resource Extraction Area to a land use designation that is consistent with the rehabilitation completed on the property. Therefore, Niagara Escarpment Commission staff undertook an amendment to the Niagara Escarpment Plan to re-designate the site. The Niagara Escarpment Plan and mapping has been updated to recognize the current use on the land.

The Planning Act section 26(1) requires that in-effect municipal official plans conform with and not conflict with provincial plans. The Town of Milton Official Plan currently identifies the lands as Mineral Resource Extraction Area in recognition of the previous aggregate extraction operation that was occurring on the property. To conform with and not conflict with the Niagara Escarpment Plan, staff are proposing to update the identification of the lands on all the relevant schedules of the Official Plan.

On the basis of the above, this amendment revises the Schedules 1, 1A, A, L, M, O and P to remove the Mineral Resource Extraction Area identification from the subject property.

## **PART 2: THE AMENDMENT**

All of this document, entitled Part 2: THE AMENDMENT consisting of the following text constitutes Amendment No. 83 to the Town of Milton Official Plan.

### **DETAILS OF THE AMENDMENT**
